

Wisconsin Public Utility Institute

Dave Parker
Principal Energy
Consultant
DnL Insights, LLC.

Dave Parker is the principal energy consultant at the recently-established consulting firm DnL Insights. The firm's key objective is to provide unique *Insights* from lessons learned through close to 40 years of utility sector experience.

Prior to joining DnL Insights, Dave was a senior utility analyst at Robert W Baird & Co, A.G. Edwards & Sons, and Duff & Phelps Investment Research. During his

25-plus years as a sell-side analyst, the Wall Street Journal, Thomson Reuters and Forbes frequently recognized Dave as a top Wall Street analyst. In 2016, he was recognized as a top stock picker in the water and electric utility sectors. He also gained 12 years of industry experience through several finance-related positions at CMS Energy, a diversified electric and gas utility headquartered in Michigan.

Parker is a graduate of Michigan State University.
