

Wisconsin Public Utility Institute

Andy Olsen, Executive Director, Environmental Law & Policy Center

Andy Olsen is a Senior Policy Advocate working in ELPC's Madison office on policy advocacy and constituency building for ELPC's Farm Energy Project. He leads ELPC's Farm Bill-Clean Energy and Rural Solar programs, where he works with cooperatives as well as farm and energy groups across the nation. He also supports efforts for energy efficiency and renewable energy.

He previously managed the Governor's Alternative Fuels Task Force and led several collaborative renewable energy efforts in Wisconsin. Andy served as a Dane County Supervisor, a Madison Alder and as a Dane County Lakes & Watershed Commissioner. He is the President of RENEW Wisconsin's Board.

Andy received his BA in Economics from Northwestern and his MS in Energy Analysis & Policy from UW-Madison.
