

SUEDEEN KELLY

Jenner & Block

Suedeem G. Kelly is a partner at Jenner & Block and represents a variety of clients in the electric and natural gas industries on business, regulatory, litigation, enforcement, and policy matters such as electricity and gas markets, renewable energy, electricity transmission, natural gas and oil infrastructure, LNG, electricity reliability standards, hydro licensing, carbon emissions, smart grid, energy efficiency, and distributed generation.

Nominated to three terms as a FERC Commissioner, Suedeem resolved 7,000 disputes with published Commission decisions and personally authored 100 separate statements during her tenure. She is credited with spearheading change in numerous regulatory policies, including transmission interconnection and planning reform, integration and deployment of renewables, and smart technology into the grid.
