

BLAGOY BORISSOV

Midcontinent Independent System Operator

Blagoy is a manager of forecasting engineering with Operations Planning Department in MISO. Prior to heading the forecasting team, Blagoy was a lead in the Financial Transmission Rights (FTR) and Pricing Administration with Market Administration Department in MISO. He was responsible for the day-to-day administration of the FTR Market and validation of real-time ex-post energy and operating reserve prices.

Blagoy joined MISO just prior to the energy market launch in April 2005. Over the last 20 years, he has gained industry experience not only from the operational aspects of MISO's markets but also through his employment with Christensen Associates Energy Consulting in Madison WI where he was involved in evaluation of other RTO/ISO-type organizations. Blagoy holds a Master's degree in Economics from the University of Toledo.
