## **MATTHEW G. HOLTZ**

### **NIPSCO**

**Matt** is the managing director transmission for Northern Indiana Public Service Company (NIPSCO). In this function, he oversees NIPSCO's transmission and distribution planning, transmission operations planning, system protection engineering, NERC compliance, operations technology, and supporting groups.

Matt has been with NIPSCO for 13 years. During this time, he has gained wide range of experience in the areas of transmission operations, FERC/transmission policy, formula ratemaking (wholesale), wholesale transmission contracts, and systems planning. Prior to joining NIPSCO, Matt worked in operations planning with GridAmerica, an independent transmission company. He also spent some time in the Washington, D.C. area working as an electrical engineer focusing on distribution and building systems.

Matt received a Bachelor of Science in electrical engineering technology from Purdue University and a Master of Business Administration from the University of Notre Dame.
