

JEFFREY SPRINGER

Dairyland Power Cooperative

Jeff Springer is a certified energy manager with over 27 years of experience in the commercial and industrial energy sector. His responsibilities as manager of energy efficiency and technical services include power quality, energy auditing, and recent work on Dairyland's fleet electrification and solar projects. Jeff is a member of the Illuminating Engineering Society of North America and the Association of Energy Engineers. He is a graduate of the University of Illinois with a bachelor's degree in agriculture mechanization. His postgraduate work includes a four-course series in commercial and industrial energy auditing and analysis, power quality courses, and various seminars on lighting efficiency
