TIM NOELDNER

WPPI Energy

Tim Noeldner is vice president of rates and special projects at WPPI Energy, a joint action agency serving 51 not-for-profit municipal electric utilities. His department helps WPPI members develop and get approval for their retail electric rates. He leads WPPI's participation in the CapX2020 and Badger Coulee Transmission Initiatives, negotiates capacity and interruptible purchases from large customers, and serves on WPPI's PPA negotiating team. Tim previously worked for Minnesota Power, Heartland Energy Services, and Wisconsin Power & Light in a variety of roles including transmission planning, resource planning, and power marketing. Tim holds a BS in electrical engineering from the University of Wisconsin – Madison. He is a registered professional engineer and serves on the board of directors of the North American Energy Markets Association (NAEMA).
