KATHY KUNTZ

Kanndo Consulting LLC

Kathy Kuntz has almost 30 years of experience influencing consumers, businesses, and whole communities to adopt sustainable practices and technologies. Her work spans energy and water efficiency, transportation, waste reduction, beneficial electrification, and renewable energy. Kathy's expertise, regardless of the resource or technology, is to make change happen. From 2010 to 2019 Kathy Kuntz was the executive director of Cool Choices, a Wisconsin-

based nonprofit that inspires individuals, communities, and businesses to adopt sustainable practices that reduce greenhouse gas emissions. Under Kathy's leadership, Cool Choices collaborated with hundreds of private businesses and public entities to engage thousands of people in sustainability, promoting changes at work and at home via a fun online platform. Prior to leading Cool Choices, Kathy led Focus on Energy, Wisconsin's statewide energy efficiency and renewable energy program. Under Kathy's leadership the program expanded its activities and strengthened its partnerships with utilities and trade allies. Kathy has authored numerous presentations and papers on behavior change and energy efficiency. She has a bachelor's degree from the University of Minnesota, Morris, and a master's degree from the University of Wisconsin-Madison.
