JOSEPH GRANDE

City of Madison Wisconsin

Joe Grande is the water quality manager at the City of Madison Water Utility. He is responsible for the utility's compliance monitoring and reporting, private well permitting and abandonment, and wellhead protection and cross connection control programs. Since 2006, Joe has led the utility's response to drinking water contaminants including radium, hexavalent chromium, road salt, and, most recently, PFAS. Joe is a University of Wisconsin - Madison graduate where he received masters degrees in both biological systems engineering and water resources management. He earned a bachelors degree from Oberlin College.
