Tyler Huebner is the executive director of RENEW Wisconsin, a nonprofit organization which leads and accelerates the transformation to Wisconsin's renewable energy future through advocacy, education, and collaboration. RENEW Wisconsin works to expand solar, wind, hydropower, bioenergy, geothermal, and electric vehicle technologies in Wisconsin. Tyler first became interested in renewable energy when as a teenager. While playing basketball throughout Iowa, he encountered a middle school with a wind turbine. He has worked at the U.S. Department of Energy, for the State of Wisconsin, and with ICF International. He holds a Master’s degree from Stanford University and Bachelor’s in electrical engineering from the University of Iowa.
