

**Wisconsin Public Utility Institute**  
UNIVERSITY OF WISCONSIN-MADISON

## **JIM WEIKERT**

### **Power System Engineering**

Jim has almost 30 years of engineering experience in utility and industrial automation and communications. As vice president of utility automation and communications, Jim regularly assists utilities in creating long-term strategies for smart-grid technologies, communications, and data analytics. He and his team then help these utilities with deploying and integrating operations and business systems and with the communications that support them. Jim has a strong background in wireless communications, SCADA, GIS, software and analytics, outage management, and work management systems. Prior to joining Power System Engineering, Jim worked with ProSoft Technology for several years. He earned a bachelor's degree in electrical engineering from the Milwaukee School of Engineering and an MBA from Edgewood College, Madison, Wisconsin.
