

TRICIA DeBLEECKERE
Midcontinent Independent System Operator

Tricia DeBleeckere is the director of state policy and strategy at the Midcontinent Independent System Operator (MISO) where she leads a team that advises on state matters regarding MISO transmission planning, system operations, and capacity and energy market initiatives. Prior to MISO, Tricia was with the Minnesota Public Utilities Commission advising commissioners and leading policy change on issues including grid modernization, regional wholesale market reforms, integrated resource plans, power purchase agreements, cost recovery riders, siting and routing permits and approvals, and the creation of distribution system planning requirements. She holds a bachelor's degree in environmental science from the University of Minnesota.
